A vast range of high quality finishes, laminates and veneers is available.

We are able to manufacture in any board and edging finish, from melamines, laminates, lacquers and acrylics to real wood veneers from all the leading manufacturers – **there are thousands of options.**

The finishes on this guide are from our stock range and are used on the majority of the work we do. Whether you're looking for something subtle, something vibrant, or maybe more traditional, there's plenty of options to choose from.
